

MICHELIN XMIINE D2

The L5R tyre for extreme loading conditions

Exceptionally robust
in masacre conditions

Excellent compromise
of adhesion and traction

MICHELIN X MINE D2

The L5R tyre for extreme loading conditions

SIZES	TREAD DEPTH

50/65 R 51 SR TL **	116	146

(#) available in LC L5R, SR L5R and HR L5R

EXCEPTIONALLY ROBUST IN MASACRE CONDITIONS

- A substantial crown, robust shoulders reinforced with a protection band make up a tyre particularly resistant to shock ruptures, cuts and tread tearing
- A particularly resilient casing with the addition of several specific steel belts constitute a tyre that is very resistant to punctures

EXCELLENT COMPROMISE OF ADHESION AND TRACTION

- A very substantial, wide and aggressive tread functions perfectly to produce a good compromise between adhesion, traction and damage resistance

REPAIRABILITY AND RETREADABILITY MAXIMIZED THANKS TO THE EXTREME RELIABILITY OF THE CASING (##)

(##) provided that the worn tyre answers criteria of retreading and/or repair.

BENEFITS OF THE MICHELIN® RADIAL TECHNIQUE

- longer tyre life
- better traction on all types of surface
- lower fuel consumption
- improved comfort
- increased resistance to punctures / flats
- increased heat resistance
